Please read the following:

As the parent or legal guardian of the student named above, I request that my child be enrolled in the **Focus Learning Center** which concentrates on the basics of the core subjects and life skills.

1. I understand that my child has been selected for placement in this program because of academic and/or cognitive weaknesses that make it difficult for him/her to complete a general course of study. Careful planning and review of the students' past academic performance and current cognitive and achievement levels will assist in making this decision. This student will be eligible to receive either an **Occupational Course of Study** or a **Certificate of Achievement**. The Occupational Course of Study covers the basics of the core subjects which specifically focus on post-school employment and independent living. Successful completion of this program will provide the student with a solid, basic education but will not meet the requirements for entrance to a four year college or university. Successful completion of this program, however, will allow for continued training in a technical or vocational program or a community college.
2. I agree to work closely with my child to ensure school success by committing to the following:
  - I will be readily available for any special meetings or conferences that may be scheduled during the school year.
  - Supply an agenda/planner and check it every night.
  - Use information from the agenda to study or work with my child on assignments and review each day's material.
  - Use study guides provided by the teachers to prepare child for tests.
  - Look at project instructions on the day the assignment is given and develop a plan to keep student on track.
  - Respond to all communication from classroom and resource teachers in a reasonable time frame.
