## CHRISTIAN SCHOOL

Parents and Students,

The 2019-2020 school year is fast approaching, and we are busy planning for the new year.

Each year, we conduct middle and high school educational field trips. While we are still finalizing the details for these trips, we wanted to send you the dates, locations, and approximate costs of these field trips. We do expect all children to attend this educational experience. The middle school trips will have room for limited parent chaperones – information will be sent later. The high school trips do not have room for parent chaperones.

**Twelfth grade - Internships**

Be thinking now about your interests and this internship requirement. I would highly recommend working on potential locations over the summer rather than waiting until school starts. Please note the following information and the contract (due August 30). Internships

must be completed between August 21 and September 30. We will host a luncheon for students and their internship hosts on October 4, 2019.

The seniors' main field trip is their senior trip (\$550) in May when they go to Hershey PA, Lancaster PA, and Bradley WV. We are looking forward to a great year.
