RATIONALE

Scripture does not specifically stipulate how we should dress. However, God's Word does call us to be imitators of God (I Cor. 11:1), to be modest in our appearance (I Tim. 2:9), to do things in an orderly fashion (I Cor. 14:40), and to bring honor to Him (I Cor. 10:31). A Standard of Dress is one of the ways that Friendship Christian School seeks to meet these commands.

The purpose of our Standard of Dress is to establish a high benchmark of modesty, decorum, and academic excellence.

We believe that a Standard of Dress creates an environment conducive to learning, fosters a greater sense of community among our student body, better equips students for future education and employment expectations, as well as creates a safer school environment by making it easier to identify trespassers.

Two primary principles lay the foundation for our Standards of Dress:

1. Respect for self.

We believe that students should learn to dress appropriately for the setting in which they are. Styles that primarily emphasize self-comfort are not conducive for the school setting in which students are encouraged to present themselves neatly and respectfully within the standard.

2. Respect for others.

One of the principle tenets of a Christ-like attitude is love for our neighbor.

As such:

- We believe that wearing clothing that is modest demonstrates an attitude of respect for others.
- We believe that choosing not to wear clothing that makes extreme political statements or causes arguments or divisiveness demonstrates respect for others and fosters a greater sense of unity within our school.

In an effort to be consistent with and to simplify our school dress, we are providing these principles and asking students and their families to apply these principles on an individual basis.

PLEASE NOTE:

We encourage parents/students to purchase items in a slightly larger size to allow for the inevitable growth that happens throughout the year.

Please reach out to the school in advance if you have any questions about a particular item before removing tags and/or wearing the item to school.

All students are required to dress according to their biological sex.

Please contact the following if you have any questions:

Mrs. Frazier, Mrs. Raley, the office.

****The administration reserves the right to address Standard of Dress violations on an individual basis and to make modifications as needed.****

DISCIPLINARY ACTION

While we recognize that everyone has their own individual and personal convictions regarding dress standards and modesty, we have established these standards in an effort to maintain an effective learning environment for all of our students.

Parent(s)/guardians and students are expected to support the standards that we have established as part of their participation in and attendance at FCS. Our goal will be to address Standards of Dress violations early in the day, but they may be addressed at any time.

We will strive to do everything we can to avoid causing public embarrassment of a student. The easiest way to avoid an uncomfortable or embarrassing situation is to be sure that clothing meets the Standard of Dress before coming to school.

The following steps will be taken if a student wears something to school that does not meet the FCS Standards of Dress:

- 1st Offense – Warning (verbal and/or email) – the student may be sent to the office until a change of clothes can be obtained to correct the issue. Parent(s)/Guardian(s) may be contacted via phone call to bring a change of clothes if the student does not have one available.
- 2nd Offense - Demerit(s) assigned (student and parent(s)/guardians will be informed of the violation details by email communication) – the student may be sent to the office until a change of clothes can be obtained to correct the issue. Parent(s)/Guardian(s) may be contacted via phone call to bring a change of clothes if the student does not have one available.
- 3rd Offense - Demerit(s) + Student and Parent(s)/Guardian(s) will be asked to meet with a school representative to discuss the root cause of the continuing issue.
- Issue Continues - Referral to administration for evaluation and next steps. If the issue escalates to this point, it may be assumed that there is an unwillingness to support the rules and guidelines of FCS and student may face removal from attendance at FCS.
